SCSEP CONNECT

We are excited to highlight one of our SCSEP participants currently assigned to the Tuscaloosa County Extension Office.

Ms. Charla shares her thoughts about being a SCSEP participant and what the program has done for her.

Each SCSEP participant has an IEP (individual employment plan) This plan contains times sensitive actions steps to help participants meet their goals. Are you familiar with your (or your assigned participant's) IEP goals? If not, you should be! Contact the SCSEP office for a copy of a personalized, current IEP!

Participant Profile: Ms. Charla

"The Senior Community Service Employment Program (SCSEP) is important to me because it has shown me that I am still qualified and trainable for employment and helps to continue to increase my skills."

Through SCSEP I have learned that I still have a lot to offer in employment and can continue to increase my skills in learning new things in communication, computer technology advancement and teamwork.

An employer should hire me because I am dependable, willing to learn, work well with others and have advanced knowledge and skills that will enable me to do a good job in performing required duties."
